Reports. LTC Gutierrez, Ft. Polk Officio Councilmember, reported that on Friday, February 27, 2026 from 10:00 o'clock a.m. to 1:00 o'clock p.m. there will be a job fair for entry level positions at Ft. Polk. Councilmember Woods announced Happy Black History Month and stated "I am black history and I am standing on the shoulders of the first African American City Councilman, Rev. W. W. Batties as well as Elton Mango" who will be honored on March 14, 2006 at 2:00 o'clock p.m. at the Field House at DeRidder High School. Councilmember Godfrey wished Shane Wiliams, City Attorney, a Happy Birthday and expressed his thoughts on seeing the City going forward, doing great things and that it is going to take each and every one of us working together and that he feels that we as city leaders need to operate a whole lot better for our citizens

Councilmember Reynolds announced that he, Councilmember Hooper and Councilmember Godfrey were at the recent Green Acres water meeting and asked Mayor Harris to clarify Phase I for the other councilmembers. Mayor Harris responded that he spoke to most of the Councilmembers individually about the water, more so the At Larges and two councilmembers that are concerned with Green Acres. He reported that the Green Acres water has been an issue for decades and the past few years it has gotten much worse. He then reported that KPLC did a special on Green Acres and the situation is just not getting better. Mayor Harris said he talked to them and spoke with them initially and he is going to do everything in his power but it is going to take all of us. He reported that he did talk to Magnolia, they are willing to sell the water rights to the City and that was Phase I, and that it was pulled from the agenda so he discuss it to make people more aware. President Larken requested that the Mayor in the future inform all councilmembers of the dates of future meetings and Mayor Harris responded that there is a meeting tomorrow, February 24, 2026. Mayor Harris reported that he has three ways he can accommodate the water issue with a very good timeline to make it happen because Councilmember Hooper said it is now more of a health issue. The Mayor reported he is very concerned about the health and he doesn't believe it can continue to be kicked down the road. Mayor Harris pointed out that it has taken a lot of work and he began this before he became Mayor, finally got someone to listen, and Magnolia to say that it will sell. Mayor Harris reported that it was shared with him that several years ago a study was done and it came back not to be in the City's best interest. Councilmember Labue confirmed that Meyer & Associates did that study. Shane Williams, City Attorney, suggested that the Council and Mayor not get too deep in the discussions, that this is time for reporting, and to discuss things on the Agenda and in front of us. President Larken thanked Mr. Williams and ended all discussions on the Green Acres Water issue at that point. Councilmember Hooper reported that he respected Mr. Godfrey's comments, that as a seven-member Council we will not always have the same view and further explained to the public and Council and that with the leg work and Council of nine years ago he was trying to beautify the City. Mayor Harris reminded the Council of the groundbreaking of Capstone at Cedar tomorrow. He then addressed variances in the ordinances. Mayor Harris acknowledged Black History Month stating "I am the first black Mayor of the City of DeRidder" but indicated he wants to be remembered by the decisions we make as a City. Holly Buxton stated the audit will be done this week and Council will be furnished with a copy. There being no further business to come before the Council, the meeting was adjourned at 6:21 o'clock p.m.
